1. INTRODUCTION

According to the Federal Accountability Act effective September 1, 2007, VIA Rail Canada Inc. ("VIA Rail" or the "Corporation") is subject to the legal requirements of the Access to Information Act ("ATIA").

The ATIA provides a right of access to records under the control of VIA Rail in accordance with the following principles: 1) government information should be available to the public, 2) necessary exceptions to the right of access should be specific and limited, and 3) decisions on the disclosure of government information may be reviewed independently by the courts.

This annual report is tabled in Parliament according to section 72 of the ATIA and covers the period from April 1, 2018 to March 31, 2019.

2. INSTITUTION

VIA Rail operates Canada's national passenger rail service on behalf of the Government of Canada. An independent Crown corporation established in 1977, VIA Rail provides a safe, cost-effective and environmentally responsible service from coast to coast in both official languages. The Corporation operates close to 514 train departures weekly on a 12,500 kilometres network, connecting over 400 Canadian communities. With 3,115 active employees, VIA Rail carried almost 4,8 million passengers in 2018.

VIA Rail's Services

Inter-city Travel (The Corridor)

In the densely populated Corridor between Québec City, QC and Windsor, ON, VIA Rail's trains provide downtown-to-downtown travel between major urban centres, suburban centres and communities. These trains carry more than 90% of the Corporation's total ridership.

Long-distance Travel and Tourism

In Western and Eastern Canada, VIA Rail's trains attract travellers from around the world and support Canada's tourism industry. The *Canadian*, VIA Rail's Western transcontinental train, provides service between Vancouver and Toronto. In Eastern Canada, The *Ocean* runs between Montreal and Halifax.

Mandatory Services

VIA Rail provides a passenger service in several rural and remote regions of Canada. Mandated by the Government of Canada to meet essential transportation needs, these trains serve many communities where alternative, year-round transportation is limited or unavailable.

3. VIA RAIL'S ACCESS TO INFORMATION AND PRIVACY ("ATIP") UNIT

VIA Rail's ATIP unit was created in 2007. ATIP falls under the responsibility of VIA Rail's ATIP Coordinator, who also acts as Legal Counsel & Corporate Secretary.

The ATIP Coordinator is responsible for interpreting and applying the statutory and policy requirements as they relate to the public's right of access to VIA Rail's records under the ATIA and to personal information under the Privacy Act. In more complex cases, the ATIP Coordinator makes recommendations to the President & Chief Executive Officer on the disclosure of information. The ATIP Coordinator's area of responsibility includes administering the process by which access to information and personal information requests are received and responded to, in compliance with the applicable statutory and policy requirements.

The organizational structure of VIA Rail's ATIP unit as of May 9, 2019 is as follows:

4. **DELEGATION ORDER**

Pursuant to section 73 of the ATIA, VIA Rail's President & Chief Executive Officer has delegated the totality of her functions as they relate to the administration of the ATIA within VIA Rail to the Corporation's ATIP Coordinator.

The delegation order is attached as Appendix 1.

VIA Rail analyzes each request as soon as they are received in order to determine the time required to process such request which is established based on discussions held with appropriate information holders, the necessity for consultations with third parties, etc.

Since 2017, requests are processed with the additional assistance of a computer software that allows the ATIP analyst to more effectively process these requests. In addition, a file consolidates all relevant information regarding the status of each active request. This file is being monitored on a weekly basis by the ATIP Coordinator.
