E-boarding pass

We'll email you a boarding pass with a bar code whenever you book a seat. You can present a printed version of this e-boarding pass or display its bar code on your mobile device, along with a photo ID upon request, at the boarding gate and on board the train. Skip the ticket counter – you can board the train directly.
You’re mobile. So are we.

VIA Rail is never very far from wherever you are. With the VIA mobile version of our booking engine, you can book a trip and consult arrivals and departures, all from your smartphone.

How to use the timetable

In all sections, schedules are linear and usually read from the top down. Schedules for some routes read from the bottom up. Arrows will indicate the direction to follow.
In general, the schedule for each route indicates the departure time only. Stations at which the train stops are listed on the left. Locations in bold indicate a possible connection.
